

Omniterm and Vantiv provides NATO
with a PCI-Compliant credit card
payment processing solution

Vantiv is proud to be the preferred provider for National Association of Theater Owners.

Vantiv is one of the largest North American payment processors, with a certified integration with Omniterm's Integra Theater Management Software (TMS) solution. As an industry leader, Vantiv offers flexible options to meet your growing business needs. By processing with Vantiv, your movie theater benefits from many special program advantages:

- Direct access to all major credit/debit networks
- No annual fee
- No batch fees

Omniterm PCI PA-DSS Out of Scope integrated payment solution is PC-based and removes all cardholder data from the Point of Sale. It provides a complete solution related to the authorization and settlement process without capturing or storing cardholder data. Your movie theater will benefit by:

- Payment Card Industry (PCI) compliance support
- Proven encrypted solution and integration
- Reduced liability

We work closely with you to help you stay on top of industry trends and technologies to improve customer service and reduce your costs.
